213-278-3324

I am a dedicated business learner with 3 years of coding experience, 2 years of graphic designing experience, and over 1 year of digital marketing experience. As I prepare to start my own business, I want to learn more about the different aspects of business. I'm eager to find an internship where I can gain hands-on experience and contribute to a results-driven organization. I believe this will help me expand my knowledge and make a positive impact on my future. I look forward to working with professionals who share my passion for excellence and innovation.

Skills

BUSINESS

- Received 221 responses from human subjects regarding the topic

Awards

CVHS South Asian Club · Overall Multi-Tasker Award

May 2024

This award is given to someone who has more than one leadership role and has done an outstanding job fulfilling both roles. I was both the Treasurer and Secretary in this club giving me larger shares of tasks and responsibilities in the club. I was given this award as I was the only member to work towards gaining two roles and also fulfill both without fail.
